

SuperSpar Bakery Team, St Francis

Our local St Francis Bay Superspar's brand new bakery is up and running!

The ovens have been upgraded to a new computerised, modern and more energy-efficient system. The new bakery is more spacious, and production is faster and easier.

The team consists of Felicity, Alicia, Bapiwe, Lizeal, Salomie and manager Eugene, as well as Samantha, the new front shop attendant. Felicity and Alicia have been with Spar St Francis Bay since it opened its doors in 2008, and Eugene has more than 40 years of experience in the baking business!

The bakery team is special as they are

always willing to go the extra mile and work well together.

The bakers go on yearly baking courses to keep up with new baking trends and products. Over peak season in St Francis the bakery is running 24/7, and staff numbers double to keep customers satisfied.

During Easter shifts start at 02 am keep going till 4 pm.

on offer at SuperSpar Bakery in St Francis Bay is a huge variety of bread and rolls. Feel free to speak to the bakery team about any special requests for birthday cakes, special baker day needs, speciality bread and rolls.

Cape St Francis resort has yet again notched up another accolade year by achieving the prestigious and high standards performance certification this year.

Travelife is a web-based certification system which allows accommodation providers to monitor and self-assess their sustainability performance.

The system and its criteria have been developed through a multi-stakeholder consultation process involving tour operators, hoteliers, trade associations, Non-Governmental Organisations, audit firms and academia. Launched in 2007, it is now recognised within the travel and tourism industry as one of the most comprehensive and credible tools.

Achieving a Travelife certification isn't easy. It requires management and staff commitment, investment of time and money, and can even lead to a business totally transforming the way it operates. All Travelife certified hotels and accommodations must undertake an independent on-site audit to prove they meet our strict criteria before they receive a Travelife certification.

Many hotels are not successful first time around and invest several years of effort

in improving the sustainability of their business before they are at the level to achieve Travelife certification.

If hotels and accommodations successfully comply with Travelife sustainability standard they will achieve Gold certification. Travelife standard is officially recognised by the Global Sustainable Tourism Council.

The fact that it is operated by the tourism industry and its close relationship with tour operators, hotel groups, destinations and trade associations guarantees a fair pricing and industry oversight. Travelife is an international sustainability certification scheme for hotels and accommodations. It help improve how the hospitality industry manages its environmental and social impacts, such as reducing their energy or water consumption, and ensuring they support local people, businesses and culture.

The Travelife for Hotels & Accommodations certification criteria also covers issues like human rights, child protection and employee welfare. Helping to ensure they operate fair practices and are working to protect their guests, employees and the local community where they operate.
