## Listeriosis food recall on track in Kouga

Kouga Municipality reminds everyone that four brands of chilled foods have been recalled due to the recent Listeriosis outbreak.

The four brands are Enterprise, Mielekij, Bökkie and Renown. Chilled

foods that have been recalled include poultry, smoked russians, frankfurters, pork bangers, viennas and spreads.

Some shops have also recalled other products they stock. The municipality is awaiting official instruction regarding

these. It recommends everyone should:  
• Remove all Enterprise, Bökkie, Mielekij and Renown products from their fridges.  
• Place them into a plastic bag and seal them.

• Return them to the major supermarket or wholesaler whether opened or not, even without a slip...

Kouga residents should keep an eye open for shops that have not yet removed the products from their shelves. They can phone health section on 042 200 2200 so that it can ensure the food is removed.
