

Pro Glass Aluminium celebrates 5 years

Pro Glass installation at a most recent shopfront

Pro Glass and Aluminium in Humansdorp has recently been awarded the project for the replacement of aluminium windows and shop fronts at the Somerset West Value Mart in Somerset West, Western Cape.

And the company has also been awarded several other projects in Cape Town. "We are proud of the growth and are happy to say we have a mobile team that can supply and manufacture anywhere in South Africa," says Phillip Nel, owner of Pro Glass & Aluminium. "We are also in the process of opening a new branch in the Strand, Cape Town.

"Plus we have also manufactured the aluminium doors and windows for a house that will be exported to the Fiji Islands," Nel says. "These windows and doors are manufactured to withstand hurricane conditions.

Nel says he would like to thank the company's client, Elkana, for entrusting them with this project. "We have also been awarded the project to manufacture insect screens for windows and doors that will be exported to the Fiji Island.

Nel also thanks the company's suppliers, Anso Aluminium, for helping us with the profiles and specifications to complete this project successfully.

Nel reveals that Pro Glass & Aluminium is celebrating five years of business. "We would like to thank our loyal customers for their support during these years plus we again thank our main suppliers, Anso Aluminium Port Elizabeth, for their assistance and support during the last five years," Nel says.

In 2015 Pro Glass & Aluminium purchased Mervic Glass, at 99 Main Road Humansdorp and changed the name to Pro Glass & Aluminium. Pro Glass & Aluminium is operating in partnership with Kouga Plant & Civils at 31 Queen Street Humansdorp as well as 99 Main Road Humansdorp.

"We started the company with small glazing and aluminium projects," says Phillip Nel, owner of Kouga Plant & Civils. "Our first big contract was the GLA School in Jeffreys Bay, which stood by us from the start. To them we are eternally grateful for the support throughout the years. We have also since done aluminium and glazing for several schools and sports centres in the Kouga and Koukamma regions."

Nel says even though Pro Glass & Aluminium is only five years old, its staff has a combined experience of almost 130 years in

the glass and aluminium industry. All personnel are trained shopfront fitters, professional glaziers and automotive glass fitters.

Plus the company is SAGGA and AAAMSA registered as well as a member of the Master Builders Association and NHBRC. Pro Glass & Aluminium strives to deliver quality and customer support at all times, he says. "We strive on quality control, quality manufacturing and keeping our customers satisfied. We have grown from a two-staff team in 2013 to 17 personnel in just 5 years."

In commemoration of the company's fifth anniversary, all prices on manufactured products will be dropped significantly. Nel also advises new and potential clients that Pro Glass and Aluminium always strives to deliver the best prices and quality products to suit customers' needs. "We can manufacture any size required. We always try to keep our manufacturing period from date of order to a maximum period of approximately 10 working days."

Pro Glass & Aluminium specialises in the following:

- * All types of aluminium windows and doors
- * Shopfront systems
- * Emergency escape doors
- * Automated aluminium doors
- * Aluminium garage doors
- * Windscreens and all other motor vehicle glass
- * Balustrades
- * Burglar Bars
- * Showers
- * Insect Screens
- * Ris-pully windows
- * Glazing for all types of frames

The company also specialises in plastic welding out of its glass & aluminium shop. On site welding of most plastic products, canvases and dam liners is done here. Smaller plastic items can be brought to the company shop for repairs and free quotations. The address is 99 Main Road, Humansdorp. The company can be contacted for free quotations or to compare prices.
