Fine & Country going from strength to strength

Principal Sandra Coetzee and her team at Fine & Country Jeffrey's Bay, were awarded a spot in the Top 20 branches for Unit Sales Turnover, beating 180 national branches.

A delighted Coetzee says: "When Fine & Country claims to sell more homes in the upper-riche of the South African market than any other agent, they mean precisely that! One of our consultants walked away with 2nd place in the category Unit Sales Turnover and 8th place in the category Sales & Commissions Turnover for the Sub Sahara Region."

Coetzee expanded Fine & Country to St Francis Bay where she offers innovative marketing, combined with a high level of service. The team of Fine & Country St Francis Bay in the Village Square has been going from strength to strength for the past two years and will now be expanding to the Village Square Offices and Conference Centre.

"The Fine & Country team are highly proficient, professional independent property consultants, offering to strict codes of conduct and are dedicated to their clients. They will assist, advise, and inform you through each stage of your property transaction and will always go the extra mile," Coetzee says.

"With offices all over the world, Fine & Country combines the widespread exposure of the international marketplace with national marketing campaigns and local expertise, Coetzee continues. "People buy as much into the lifestyle of a property and its location as they do the bricks and mortar – therefore Fine & Country uses sophisticated, intelligent and creative marketing."

The St Francis Bay Team extends a heartfelt welcome to Terri Wilson and Justin Grant who will be joining the team in St Francis Bay. "We look forward to working with such diverse and qualified individuals," Coetzee adds.

St Francis boys get provincial colours for surfing

Makai Kabot (GLA) and Joel Dace (SF College) received provincial colours for representing EP at SA Longboard Champs in Lamberts Bay. EP came 2nd overall.

Residents of St Francis Bay are requested to look around their homes for "spare" sports equipment for Sea Vista Primary School pupils, then to drop them off before 31 May at the SuperSpar or at Pam Golding, so that they can be handed over on Youth Day, 16 June.

Soccer, rugby and netball balls, tennis racquets, soccer/rugby boots, wetsuits, surfboards and cricket bats.

There are about 450 pupils with only nine teachers, which gives some insight into the problems facing the school. Also many have parents below the poverty line. The Sea Vista

Educational Fund is funding an additional teacher, and has sixteen volunteers assisting with language skills.

The important role that sport can play in children's lives is recognised. However, no money is available for kit and equipment. Hence this appeal. The sports at the school are soccer, rugby, cricket, athletics and tennis for boys, and basketball, tennis, athletics and hockey for the girls. The children range in age from five to thirteen. This appeal is also for surfboards and wetsuits for a group of Sea Vista pupils who are being coached outside of school hours.
