

Rock Lily Music at Brewery & Links

Mike Kimming says Rock Lily Music is very excited at its Launch at The St Francis Bay Brewery on 11 May with Hezron Chetty. "It was phenomenal!" he says.

"Come and view the renovations and our ability to deliver world class music in a top class venue," he says.

"Famous for its top class craft Beer, Gins/drinks and top class food and Service, we will now work together to be a "Music Venue" that caters for all tastes and brings the Community together to celebrate a Quality experience at The St Francis Bay Brewery.

Rock Lily Music LIVE at The St Francis Bay Links is our other venture to partnering our music with this world Class Venue.

"With 3 world class acts in May/June in PJ Powers, Chris Chameleon, we are striving to bring you the best SA and International music to The Links.

Music is what makes memories and lifts

our spirits, so get out and book at The St Francis Brewery and The St Francis Bay Links. Support Live SA Music. See you at Rock Lily Music LIVE Show soon."

Rock Lily Music Brand will ensure that St Francis music lovers get to experience the best of South African music in other venues that will collaborate with Rock Lily Music. Promotions and Events. St Francis Links and the Brewing Co will partner in music with Rock Lily to bring the best music to these two quality establishments.

Rock Lily will also be managing musicians and providing musicians for special events like weddings, birthdays and special functions.

Rock Lily's lineup at The St Francis Brewing Company and Links Estate will be the start of Rock Lily's new journey from May.

Upcoming events in May and June are on p16. All events are and will be advertised on Rock Lily's FB page and whatsapp group and on social media, including St Francis Chronicle's groups, newspaper and Events in St Francis and surrounds. The above venues will also advertise the pages.

Amazing Hezron Chetty wows at St Francis brewery

A magnetic, world renowned violin player had the crowd in stunned, in complete awe and fascination at St Francis Bay Brewery Company last night.

For more than two hours, Hezron Chetty and his two musicians on guitar and drums, pulled off a fantastic show in the popular brewery. With sheer incredulity and amazement the crowd watched as he played his loved musical instrument, with rapid fingers and incredibly fast bow moving, to produce an evening of rock music that had his audience spell bound.

The evening was the first in the new launch of Michael Kimming's new Mobile Rock Lily that will entertain crowds with live music bands, regularly at the Brewing Company and at St Francis Links.

Hezron and his two piece ZugZwang band member, performed songs from the band's latest music album and entertained, in addition to amazing violin playing, to entertaining with some of the stories from his musical travels around the world. If you missed the show you can follow this incredible bunch of rock musicians on Facebook.

The crowd loved the musicians and called for encores and the musicians did not

disappoint with their finale, but received fantastic applause and comments in response. The venue was warmed by a lovely furnace and the service and friendliness by Linky & Lance and staff was fantastic!

The event was organised by Michael, who after more than two years of packed out shows and fantastic music bands or musicians and awesome music, decided to concentrate just on the management of music shows. For two years he produced highly successful and packed out music shows at his Rock Lily music pub in Cape St Francis.

With close to 150 live music performances in 25 months, Mike has worked tirelessly with the support the Rock Lily team to bring variety and South Africa's best musicians, while creating a platform for local, PE, J'Bay and other national bands. More than 10 000 people came to music nights featuring diverse bands and solo artists, from reggae to acoustic, to the blues, from men and lady musicians to the Rock Lily set-down show.

Watch out for posters in the St Francis Chronicle Newspaper each month, and on our social media groups or other media groups, or on boards for Rock Lily forthcoming shows this year.
