NSRI Station 21, St Francis Bay awarded 'Best' RIB station in SA

NSRI St Francis Bay (Station 21) was awarded the Best Rigid Inflatable Boat (RIB) Station of the year 2017 Award at the annual NSRI AGM and Award Ceremony in Cape Town.

A delighted Sarah Smith, the local Station Commander, wrote this open letter to the community:

"I had to ask myself, where to from here? The answer is simple, its onwards and upwards as we start investing in our three year plan and our project exploring a bigger base with extra vessels to increase our range and capabilities to better service the community, river and canals and further out to sea.

A public Thank you to the Crew of Station 21 and their families. The award is hotly contested for by all the RIB Stations. We are very proud to have brought it home to St Francis Bay.

We also received a Station Excellence award (our 4th year in a row!) awarded to stations around the country for excelling in the 2017 Financial Year.

This is all due to the hardwork and sacrifices made by the crew and their families of Station

21. During the 2017 Financial Year (January to December) we attended to 32 Operations in our area and the 2017 December was by far the busiest we have ever experienced! Our members (and their families) have sacrificed hours on hours to attend training and to respond to call outs, not to mention the fund raising activities where the crew have been present. I would like to send a public Thank you to the Crew of Station 21 and their families.

The support from the St Francis community is not to be excluded from this achievement, as without the funding, the support, the encouragement, we are unable to do what needs to be done and make a difference. St Francis Bay Rudy Rocks and this award for our station is a testament of that! We are a proud community station and all of us at Station 21 would like to thank St Francis Bay, Cape St Francis and our supporters!

We have a few upcoming fund raisers to attract prospective volunteers - like our Dads & Lads Fishing competition and an Open day coming up - both of which we will have dates

NSRI Station Team 2018 Volunteers

by the end of June. If anyone is interested in becoming a volunteer for our station, please contact me.

We would like to invite any interested parties who would like to invest in our long term plans with either field experience, talent or financially to please contact me.

In closing, I would like to reiterate the prestigious awards - Best RIB Station for 2017 and 2017 Station Excellence Award for St Francis Bay - Station 21, could not be without the hard work and dedication that our crew members have put in as well as the support from the community! I salute you all!"

HAPPY FATHERS DAY
