## R5 Canadians third visit to Kouga

Canadians from Prince Edward County were back in Kouga in September to cooperate on matters of Local Economic Development (LED) with Kouga Municipality.

They were here on a two-week visit following a partnership agreement signed by the two municipalities earlier this year.

The municipalities are working together on a Building Inclusive Green Municipalities (BIGM) programme. This is a South African Local Government Association and Federation of Canadian Municipalities initiative, funded by the Canadian government.

Kouga is one of six South African

municipalities, including other Eastern Cape ones, working with Canadians on different developmental areas. The two municipalities signed a Memorandum of Understanding in March, following which, a further group of officials from Global Affairs Canada arrived in June to establish the development projects Kouga is involved in.
